Miss A. MacPlail Speaks in Gleichen

Many Attend From the Arrowwood District

Three hundred and fifty persons gathered from a radius of fifty miles, including many from Arrowwood, listened to an address on disarmament given before Gleichen Canadian Club Tuesday evening by Miss Angas MacPhail, M.P.

The speaker urged the need of sending to the disarmament conference to be held next year, a delegation from Canada composed as largely as possible of men and women who believed in the cause of international peace. She spoke in opposition to sending to the conference military experts.

N. T. Purcell, president, was in the chair. Vote of thanks on behalf of town residents was moved by Rev. Mr. Davis, while expression of thanks to the speaker on behalf of country residents was voiced by Mrs. Milt. Ward, Arrowwood.

Wednesday a Public Holiday

Armistice Day, November 11 will be observed throughout Canada as a public holiday, according to the Act passed at the last session of parliament regulating observance of the cessation of hostilities on November 11th, 1918. The occasion will be celebrated in the same manner as Canadian people celebrated Labor Day, Dominion Day and other national holidays, according to the meaning of the Act it was stated by the secretary of state.

U.F.W.A. Notes

The U. F. W. A. met at the home of Mrs. Mason on Wednesday afternoon. Papers on "Peace" were read by Mrs. R. McBride and Mrs. J. C. McLeod. Over twenty members were present. The hostesses were Mrs. McBride, Mrs. D. House, and Mrs. M. H. Ward.

At the Rummage, Tea and Home Cooking Sale held in the Curling Rink last Saturday, the organization cleared \$32.80.

The next meeting will be held at the home of Mrs. R. McBride, on Wednesday Nov. 18th. Mrs. McRae and Mrs. Baker will be hostesses.

E. G. Bird Transferred to Jamaica

Mr. E. G. Bird received word on Wednesday advising him that he will be transferred from the Arrowwood branch of the Bank of Nova Scotia to their branch at Kingston, Jamaica. While everyone will be sorry to lose so valuable citizen as Mr. Bird they all will be pleased to hear of his promotion.

During Mr. Bird's three-year stay in Arrowwood he has made many warm friends who will be sorry to see him go.

School Notes

Class Leaders

Grade One—1. Velma Lord, 2. Lawrence Irwin, 3. Bobby Thompson.

Grade Two—1. Harry Pawluke, 2. Betty Ann Kemper 3. Ladonna Culp.

Teacher, Miss Isabelle Mackie. Grade Three—1. Mary Weins 91, 2. Kathleen Thompson, 89, 3. Shirley Taylor.

Grade Four—1. Doris Kerr 90, 2. Betty Rhea Jones 88, 3. Ivy Riches

Teacher, Miss Isabelle MacLeod. Grade Five—1. Dorothy Hesketh, 2. Dale Williams, 3. Erma Richards

Grade Six—1. Loretta Weins, 2. Lorna Richards, 3. Annie Dumka.

Teacher, Miss Leoma Spencer.

Inspector Smith paid a visit to the Arrowwood High School on Tuesday and Wednesday.

Flow of Grain Heavy to West

Winnipeg—The flood of grain moving westward is being closely watched by grain exchange firms and railway officials. Reports here show a capacity movement westward being approached and the peak not yet in sight. Cargo space at Vancouver however is said by export firms to be adequate to expected increase in the next month.

No embargo by transportation companies is likely to be imposed since less than 3/4 the volume of 1930 to Oct. 31, handled through that port is yet in sight.

Advancing price levels it is admitted by local firms will tend to increase volume to Pacific ports this winter, but adequate cargo space will relieve the storage facilities as long as higher prices keep the grain afloat moving

Y.P.S. Concert Draws Big House and is Enjoyed

"That Was a Real Good Concert" Was Heard on Every Hand

The concert presented by the Young People's Society of the United Church, in the Arrowwood school last Friday evening proved beyond any doubt whatsoever to be the best of its kind ever presented to the public of Arrowwood. All in attendance were favorably impressed with the stellar performance of the performers, which was shown by the hearty applause given after each number.

The program, which began shortly after 8 o'clock, was divided into two separate sections; the first being composed of humorous dialogues, skits and magic tricks; while the second part was made up of musical numbers.

With the stage fittingly lighted, the program was brought to a conclusion by the dramatization of the "Witches scene" from Macbeth. This was a very appropriate ending and the witches revealed to the public many hitherto unknown facts about our prominent business men of the town.

The Young People's Society were well paid for their efforts, by the receipts of \$32.75 from admission. The school was crowded to capacity for the occasion in anticipation of real value for their money and they were not disappointed.

We suggest further concerts of the same order as a source of amusement for our town.

Mr. Sinnott McDonald, who was assisting in the Drug store during the past week, returned to his home in Blackie today.

Millions in money can make a man miserable if that is all the treasure he lays up.

Post Christmas Mail Early to Ensure Its Delivery by Holiday

Christmas is less than two months away, and stores will be advertising Christmas goods within the next week. Postal officials also state that mail destined for distant places should be in the local office within a short time.

Mail destined for such places as Siberia, India, Palestine, South Africa, China, Japan, Australia, and North West Territories, which includes Herschel Island, Aklavik and other northern posts, should be mailed within a week or so, officials agree.

The S. S. Niagara will sail for Australia on November 11, and will be the last direct sailing for reaching that continent before Christmas. Postal officials advocate the mailing of as many presents and cards as possible early to make sure of avoiding disappointments in delivery of Christmas mail.

Jr. U.F.A. to Put on a Pageant

The Jr. U.F.A. are putting on a pageant, "The March of Peace" in the Arrowwood School on Wednesday evening, November 11th at 8 o'clock. Each of the rooms of the school will contribute a number.

Tea in Honor of Miss Bessie Harp

The tea held in honor of Miss Bessie Harp at Mrs. M. C. Norton's home Friday Oct. 30, by the Ladies Aid Society was well attended, there being about 40 ladies present. A beautiful boudoir pillow was presented to Miss Harp in behalf of the Ladies Aid by Mrs. Lawrence Larsen. A delicious lunch was served by the hostesses.

Wednesday, Nov. 11th is a legal holiday.

Jr. U.F.A. Annual Hallowe'en Dance

On Saturday evening the Junior U.F.A. held its annual Hallowe'en party at the home of Mr. and Mrs. C. G. Taylor. Dancing occupied the program for the major part of the evening and everyone had an enjoyable time. A lunch was served and Mr. Chester Johnston sang two yodelling numbers.

Buffalo Hill News

Mrs. F. McInenly has been confined to her bed for two weeks, but is getting along favorably.

The residents of the Buffalo District join in wishing Mr. and Mrs. De Witt many years of happiness.

Hildred Vancil is cooking again for the road gang. They are busy grading the mile of road from McInenly's to Gaylen Jones'. This new road will please everyone in the district.

A successful Hallowe'en party was enjoyed by a number of the school mates and friends of Inez and Merdith Shatto at their home on Friday, October 30th. The usual ghosts, witches and games created much merriment.

Shouldice News

The many friends of Mrs. H. Watwood are very pleased to know that she is returning home so soon, and that she has made such a rapid recovery from her illness.

Jack McRae is quite an architect, and the writer is quite sure that all those who saw the extension on the Community Hall will concur with the statement.

The McRae family were visitors to Calgary over the weekend.

Canadian Bank System Praised by Rowell

Winnipeg, Nov. 3—Hon. Newton W. Rowell, of Toronto told the young men's section of the Winnipeg Board of Trade, Monday night, that Canada's banking system had saved the Dominion from suffering to the same extent as the United States during the depression.

"Why things are better in Canada is because of our much-criticized banking system" he said. "It has kept things going where their small banks have failed."

Release from what he described as the "worst depression known in a century" could only come by revision of reparations payments, Mr. Rowell said.

Nomination for Councillor Nov. 10th

Nominations for a councillor to fill out the unfinished term of A. J. Troy will be received at the village office from 7 to 8 p.m. on Thursday, November 10th.

With the red, white and blue barred standard of Siam fluttering above them in the summer sunshine, pipers from all parts of Canada proudly marched and counter-marched in the grounds of the Banff Springs Hotel, Banff, Alta., during the recent Highland Gathering, which was graced by the presence of T.M. King Prajadhipok and Queen Rambal Barni of Siam and their suite and a large number of distinguished guests. His Majesty, who opened the festival by raising the flag of St. Andrew, met an interesting character in the person of "Willie" Campbell, of New Westminster, B.C., who was a piper on the personal staff of

H. M. Queen Victoria, when King Chulalongkorn of Siam paid an official visit to her, at Osborne House, Isle of Wight, in 1894. Piper Campbell gave a special performance for King Prajadhipok, at the Banff meeting. A new feature of the Gathering was a competition for representatives of pipe bands of the 17 Canadian Scottish militia regiments, which was won by Piper Hector MacDonald, of Montreal. Dancing and Highland sports rounded out an excellent program, with specially presented Scotch light operas in the evenings. The picture shows the massed pipers, parading under the Siamese flag and (inset) T. M. the King and Queen of Siam and Piper Campbell.

"Lest We Forget"

REMEMBRANCE DAY. They are well sounding words. Such indeed it should be called. It contains all that there is in Armistice Day and more besides. We remember the ceasing of hostilities. But we also remember much more.

We recall so vividly the day the news came over the wires. Four years of agony at home and what abroad? Perhaps we should not try to print words to describe or even suggest what went on over yonder. The lips of those who served are sealed and why not ours? Who won the war? We do not know. All we know is that we did not. We won the slaughter of our youth. We won an immeasurable war debt. We won inflated prices with the natural reaction in depression. And we won the hatred of our enemies. As the years pass we see less and less of real gain in those four years. That flag of surrender means less and less as a symbol of victory. But when we remember that day as putting an end to the diabolical process we call modern warfare, it means everything. November 11th stands out a great national holiday. On that day hostilities ceased.

But we cannot forget the cost of it all. On every hand we see those bodies of wrecks because of that disaster, shell shock, amputations, internal injuries. There are vacant chairs in our homes. Legitimate government enterprises are impossible because of crippled finances. We remember the loss because we cannot forget it.

But we also remember the height to which the human spirit rose out of such an inferno, the self destruction suffered that others might be protected, the chivalry of our girlhood as they served among the wounded and the dying, the price paid by those who stayed at home so that others might go. The world never saw such a spectacle of organized unselfishness. Many complain because we cannot recapture it for constructive enterprises. And granted that we have not been able so far to do it, the fact that it ever happened is a token that it will be again and what was used for war may be used for peaceful purposes.

And we remember that "torch from falling hands." Was it the "making the world safe for democracy," or the "war to end war?" Whatever the object for which they fought it is still unattained and we must not make "peace with the foe." Civilization is a product of the centuries. In the eyes of the Eternal very little is gained in any four years. Their

GRANT FLEMING, M.D. — ASSOCIATE SECRETARY

IMMUNITY

The word "immunity" has come into common use, and it would seem desirable, therefore, that its meaning be clearly understood. It is for this reason that we are devoting this article to a discussion of immunity.

It is a matter of common observation that the person who has recovered from an attack of one of the communicable diseases does not, as a rule, contract the disease a second time. It is evident that after recovery, the individual possesses certain powers of resistance to the germ of the disease from which he has recovered. This resistance is known as immunity.

When the body is attacked by disease germs, certain substances are developed which are the fighting forces produced by the body to combat that particular disease. These fighting forces defend the body against the germs and against the poisons which the germs produced.

The immunity present after recovery is due to the continued presence of these fighting forces or antibodies, which, because they are present, prevent the occurrence of a second attack of the disease.

Immunity is specific. By this we mean that the fighting forces developed to meet the germs of scarlet fever give protection against scarlet fever only. Just as there is a definite germ responsible for each of the communicable diseases, so the antibodies produced and the immunity secured are for the one definite disease which has attacked the person.

Immunity is also relative in the sense that it does not imply a definite amount of resistance, nor is it definite as regards the length of time it will last. Two individuals who have recovered from diphtheria will be immune to diphtheria. Both produce sufficient antibodies to resist a second attack, but one will likely produce more than the other. Immunity, in general, tends to wear off. It gradually disappears but its rate of disappearance is not uniform; when it has worn off, a second attack of the disease may occur.

As stated, immunity is acquired through an attack of the disease. These attacks kill a considerable number of persons and damage the bodies of many who recover from the attack. Because of the deaths and damage which occur, it is obviously not safe or desirable to rely upon an attack to gain immunity.

The ideal would be to have everyone become immune without being exposed to the dangers of an attack of the disease. This is the real hope of Preventive Medicine as regards the communicable diseases which are spread, in a direct manner, from the sick to the well. At present, we can secure immunity to smallpox through vaccination and diphtheria immunization protects us against diphtheria. Here we have the best way to control these two diseases.

October Homestead
Entries Total 368

Edmonton, Nov. 3. — Homestead entries in Alberta for October numbered 368, of which 325 were first and 43 second entries. The Edmonton land office again led the list of agencies with 178, Peace River and Grande Prairie following with 85 and 60 respectively. There were no soldier grants in October, but among the filings were 124 by women.

"Having trouble with your car," asked the inquisitive passerby.

"Certainly not," said Dinty Moore from underneath the car. "I just crawled under here to get out of the sun."

Looking Backward

By Edgar A. Guest.

I might have been rich if I'd wanted the gold instead of the friendship I've made.

I might have had fame if I'd wanted renown instead of the hours I've played.

Now I'm standing to-day on the far edge of life, and I'm just looking backwards to see

What I've done with the years and the days that were mine, and all that has happened to me.

I haven't built much of a fortune to leave to those who shall carry my name,

And nothing I've done shall entitle me here to a place on the tablets of fame,

I've lived with the birds and the trees;
I've turned from the splendor of silver and gold to share in such pleasures as these.

I've given my time to the children that came; together we've romped and we've played.

And I wouldn't recall the glad hours spent with them for the money that might have been made.

I chose to be known and be loved by the few, and was deaf to the plaudits of men;

And I'd make the same choice should the chance come to me to live my life over again.

I've lived with my friends and I've shared in their joys, known sorrow with all of its tears;

I have harvested much from my acres of life, though some say I've squandered my years.

For much that is fine has been mine to enjoy, and I think I have lived to my best,

And I have no regret, as I'm nearing the end, for the gold that I might have possessed.

A Quarter of a Century of Service

During twenty-five years, since the company was founded in 1906, western farmers have been getting good service from United Grain Growers Limited.

During twenty-five years experience has steadily developed the ability of this company to be useful to its customers.

During twenty-five years there has been created a record that inspires confidence.

Sound, Solid and Strong, the company is well equipped to serve you.

Yank Out the Stumps

(National Crop Improvement Service.)

"Our tillable lands have gone and with a further growth and development of the world, we must utilize every waste acre. Stump pulling is a vital problem to the man who is farming in a cut-over country, to the man who is paying taxes on idle stump land and to the man who is seeking a rich farm at a comparatively low price.

"The neatest, quickest and most economical way of clearing out stumps and roots, is with a stump puller and wire rope," says Mr. R. S. Rider, president, Canadian Steel & Wire Co.

"The use of a pulley block so designed that any number of them can be used to double, triple, or quadruple the power of the machine, will conquer the most stubborn stump without fail.

"When dynamite is used, the roots are left to be grubbed out or pulled out by team, all of which is slow hard work. With the stump puller and a wire rope, the job is clean and complete.

"A good stump puller will pay for itself in the saving of hand labor on a few acres of ground, to say nothing of the increase of crop values. You can use it in the wet season when you can work at nothing else. In fact, the machine works easier when the ground is wet.

"We used every acre."

The Corinth canal was planned by the Romans, started by the French, and completed in 1893 by the Greeks.

Ain't It Fine Today

Sure this world is full of trouble
I ain't said it ain't,
Lord, I've had enough and
double

Reason for complaint:
Rain and storm have come to
fret me,
Skies are often gray.
Thorns and brambles have be-
set me

On the road—but say,
Ain't it fine today.

What's the use of always weep-
in'
Makin' trouble last?

What's the use of always keep-
in'

Thinkin' of the past?
Each must have his tribulation—

Water with his wine:
Life, it ain't no celebration
Trouble—I've had mine—
But today is fine!

It's today that I am livin'
Not a month ago,
Havin' losin'; takin' givin';
As 'time wills it so.
Yesterday a cloud of sorrow:
Fell across the way:

It may rain again tomorrow.

It may rain—but say,

Ain't it fine today.

—James Whitcomb Riley.

Industry Shows General Advance

Ottawa, Oct. 31. A general quickening of the industrial pulse of Canada is shown in government statistics issued this week, says a report from the department of trade and commerce on Friday. Financial transfers in the form of bank debits show a marked increase as compared with the corresponding period last year, although the aggregate total is not as large.

Increased employment in many of the leading industries of the Dominion and in retail trade is shown, the report continues, and improvement was noted in indices measuring the sales and values of Canadian industrial and public utility stocks as well as gold and copper mining issues.

The increase in bank debits

from August to September, after adjustment for seasonal tendencies, was 11 per cent as compared with only 4 per cent in the corresponding period last year.

The closing down of large railway car shops in September and the completion of many highway and building construction undertaking to relieve unemployment was responsible for lowering the general employment index on October 1. The retail trade, however, showed increased employment while the wholesale trade was stationary.

Will Hear Claims of War Prisoners

Dominion reparations commission will continue to accept claims of war prisoners until all such claims are cleared up, according to statement Tuesday by S. G. Petley, provincial secretary.

Alberta provincial council of the Canadian Legion received notification from the Dominion headquarters that despite the fact that the time-limit expired in January last, the commission will continue receiving claims Government officials, desiring to clear up all claims, urged that all branches co-operate in bringing to light any claims as yet unregistered.

Edison Called Nation to be Courageous

Last June, Thomas A. Edison spoke to the nation over the radio. It was his last public utterance and was marked by his usual brevity. He said:

"My message to you is: be courageous! I have lived a long time. I have seen history repeat itself again and again. I have seen many depressions in business. Always America has emerged from these stronger and more prosperous.

"Be as brave as your fathers were before you.

"Have faith!"

"Go forward!"

Harvey Mitchell

THE chairman of the provincial committee for New Brunswick of the World's Grain Exhibition and Conference, Regina, 1932, is Mr. Harvey Mitchell, the Deputy Minister of Agriculture.

Mr. Mitchell was born at Keswick Ridge, N.B., in 1871, and received his preliminary education in the public schools of that district. Later he went to the Ontario Agricultural College at Guelph.

For fourteen years he was engaged in field work for the Department of Agriculture of New Brunswick and for twelve years, maritime representative of the dairy division of the Federal Department of Agriculture.

In 1921 Mr. Mitchell was appointed Deputy Minister of Agriculture for New Brunswick.

Some Facts About the British Empire

It has within its borders the largest inland sea after the Mediterranean, Hudson Bay.

This is a Canadian Mediterranean—as large as three Baltics.

Other great seas, the shores of which are all or nearly all within its borders, are—the Arabian Sea, the Bay of Bengal, the Gulf of St. Lawrence, the Gulf of Carpentaria, the Coral Sea, the Tasman Sea.

Many of the world's greatest rivers flow wholly or partly within its borders.

The Nile, Niger, Indus, Brahmaputra, Zambesi, Irawadi, Ganges, the Murray, in the eastern hemisphere.

The Mackenzie, St. Lawrence, Saskatchewan, Columbia, Yukon, in the western.

Also such historic rivers and streams as in the Euphrates, Tigris, Jordan, Kishom, Jabbock, and Arnon are under its mandate or protection.

It contains, or partly contains, the largest lakes in the world—Superior, Huron, Ontario, Erie, Tanganyika, Nyasia, etc.

The great lakes Victoria, Nyanza, Great Bear, Great Slave and Winnipeg, are entirely within it.

It has a large merchantile marine on the great North American lakes.

It has fleets of steamers trading up and down the great Central African lakes.

Canada has half the fresh water of the earth.

(National Crop Improvement Service.)

"The demand for gasoline is growing day by day and economists are always prophesying that the world's supply will soon become inadequate," says Mr. C. H. Chilton, editor of the County Agent and Farm Bureau.

"Science has already taught us, however, that almost every growing plant contains alcohol which can be distilled at a very low price per gallon, and which in many respects is superior in power to gasoline.

"There is enough waste on every farm to furnish its heat, light and power. The machinery is all available, and it is time that we should give this matter the most careful consideration. The principal difficulty of this plan will be to accumulate enough farm refuse to make the project profitable. Therefore it would be wise to have the outfit owned by some farmers' organization which will first encourage all farmers to supply a proportionate share of the material that there may be sufficient material to make the plan successful."

Big Game Season Opened November 1st

Open season for moose, deer and Caribou shooting commenced on November 1st and continues until December 14th. Each hunter will be permitted to kill one male deer, one male moose and one caribou. The season for fox, mink, fisher, marten, red squirrel and otter also opened on November 1st and continues until the end of December.

Russia leads the world in the number of suicides.

The dining saloon of the new 42,500-ton Empress of Britain, known as "Salle Jacques Cartier," is the largest unpartitioned room on the five oceans. It was decorated by Frank Brangwyn, R.A.

As a tourist centre Cape Breton enjoyed one of the best seasons in its history during 1930. During the year 2,450 automobiles were handled across the Strait of Canso as compared with 2,057 for the previous year.

Vancouver will have the honor of welcoming a reigning monarch when King Prajadhipok, of Siam, and his consort, Queen Rambal-Barni, arrive there April 17, aboard Canadian Pacific liner Empress of Japan.

One of the largest and most courageous engineering undertakings on the continent is proceeding at the Abitibi canyons, Abitibi River, near Cochrane, Northern Ontario, where a plant is being built to generate 250,000 horse-power at a cost of over \$20,000,000.

"British steel for Canadian produce," is the slogan lettered on massive shaftings unloaded at Saint John recently for shipment over Canadian Pacific Railway for use in hydro-electric development plants at Beauharnois, Quebec, and in the valley of the Ottawa River.

France should prove an excellent market for Canadian wheat since she has not committed herself to regulated purchases of wheat from Central European countries, said Hon. C. A. Henry, French Minister to Canada, interviewed at the Windsor Station, Montreal, on his way to present credentials at Ottawa.

Relayed to twenty-two stations between Quebec City and Victoria by Canadian Pacific Telegraphs the speech of the Prince of Wales, opening the British Trade Fair in Buenos Aires, was clearly heard across the Dominion. The broadcast was brought to Canada direct from Buenos Aires by the short wave beam system of the Canadian Marconi Company.

What the Ice Age looked like, millions of years ago, is exactly pictured in the great Columbia ice-field, extending for hundreds of miles in the Rockies, and easily accessible from Lake Louise, said Walter L. Payne, in a recent lecture entitled, "On Horseback to the Glacial Age." The field extends in the form of glaciers to three sides from which mighty rivers run to the Arctic, Pacific and Atlantic oceans.

Champions of the Railway-Phone League and winners of the Beatty Trophy and the Thornton Cup, the Canadian Pacific Railway hockey team, were individually presented with gold watches suitably inscribed, the gift of E. W. Beatty, chairman and president of the system, in honor of their victory, at a banquet at the Prince Viger Hotel, Montreal, recently. The team will play Winnipeg at the end of March for the all lines hockey championship of the Railway. (719)

A man catching a fish is not news unless the fish is an outside, but a fish catching a man rates a big type head. This happened at Lake Minnewanka, near Banff, recently when an angler was pulled off the pier into the lake by the sudden strike of a monster trout. Constable James of Calgary put off in a boat and landed both fish and fisherman.

Six days, nine hours and eleven minutes was the time of the record run of the "Empress of Japan," 26,000-ton flagship of the Canadian Pacific fleet, on her last trip from Yokohama to Honolulu, while a double record was made when the same ship completed the voyage from Honolulu to Victoria in four days, nine hours and 16 minutes.

The P. T. A. will meet at the home of Mrs. Gaylen Jones at 8:30 Nov. 9th. All parents are requested to attend.

Father Moreau will conduct services in St. Columbus R.C. Church, Arrowwood, at 10:00 o'clock Sunday morning.

The evening service at the Brethren Church commences at 7:30 o'clock instead of 8 as formerly.

The Jr. U.F.A. are putting on a pageant, "The March of Peace," in the school Wednesday, Nov. 11th.

Mrs. Jane Beagle returned last Friday, after a two weeks visit with her brother, Mr. F. Harshe, of Diamond City, near Lethbridge.

Melvin Bowman and Russel Burriss who are attending the school of Technology at Calgary were home over the weekend.

Mr. and Mrs. E. G. McAulay and their two daughters, Orma and Gertrude, Mrs. Reynell and Miss McFarquhar of Calgary were guests at the house of Mr. and Mrs. H. M. Kerr on Sunday.

Mr. D. J. Beagle spent last week-end visiting with his brother at Armada and while there spent most of the time fishing. Mr. Beagle's retiring disposition would not let him tell any fish stories, however he says he did fairly well.

Mr. and Mrs. Saunders, Mr. and Mrs. Taylor, and Mrs. Weins attended the Gleichen United Church Supper Wednesday night. Mrs. Taylor gave a vocal solo accompanied by Mrs. Weins.

Here and There

Growing of ginseng for the Chinese market has developed into a substantial business at Waterford, Ont., where about 45,000 pounds of this root were produced last year, valued at \$370,000.

Fine, unusually warm, weather has favored threshing operations in the north-west of Canada during October and has raised the grade of wheat substantially, according to the crop report of the Canadian Pacific's Agricultural Department.

Evaporators in the Annapolis Valley are now working full time and are consuming large quantities of low grade apples. Markets for the evaporated product are being found in Montreal and Toronto with an occasional car for the Canadian West.

The canoe continues to be popular. A recent official report shows that in the last five years in Canada building of canoes has increased by over 30 per cent. in the number of establishments making them and by 88 per cent. in the value of the output.

Canary Korndyke Alcatra is dead. This was the world-famous Holstein cow which in 1928 created a world record of approximately 1,080 pounds of butterfat in 305 days. She was later purchased by the Saskatchewan Government for \$10,000 for breeding purposes.

Due to fall of the Canadian dollar and rise in the French franc, there will be no reduction in the price of wines to Canadians this winter, according to L. B. Cordeau, Chairman of the Quebec Liquor Commission, interviewed aboard Canadian Pacific Empress of Britain on his return recently from a tour of Europe.

Visiting Canada for the purpose of studying all phases of the grocery trade, a party of British grocer apprentices are making a tour of the leading centres of Eastern Canada which includes Montreal, Ottawa, Toronto, Hamilton, London, Guelph, Welland and Niagara, travelling Canadian Pacific lines. They will return to England on S.S. Montclare.

Evangeline Memorial Museum at Grand Pre, N.S., repository of valuable Acadian and other historical relics of Nova Scotia, has been accorded the distinction of inclusion in the directory of the Museum Association, Empire-wide organization, headed by Sir Henry Miers, noted authority, who visited Canada this summer.

Captain A. J. Halley, R.N.R., veteran commander of the Canadian Pacific liner Empress of Canada has been decorated with the Royal Order of Siam by His Majesty King Prajadhipok after conveying the Royal party and suite from Victoria to Hong Kong. Captain Samuel Robinson, of the Empress of Japan was similarly honored when he brought the Royal party to Canada.

Co-operation between Canada's two great railway companies registered an important advance recently when it was officially announced that an agreement had been reached whereby the Canadian National will co-operate with the Canadian Pacific Railway and the Canadian Pacific Steamships in the solicitation of freight, passenger and express traffic for Canadian Pacific ships to and from Canadian Atlantic ports. The Old Man—So you are the prodical son and are going home, eh? I suppose your father will kill the fattest calf.

The Young Man—I hope not—for I think I have been the calf.

\$10,000 Damage in Stately Fire

Losses estimated at \$10,000 were caused early in the morning of November 6th by a fire which raged for more than an hour.

Want Adv'ts

Advertisements under this heading are charged for at the rate of 50c for 25 words or less per week with 10c for each additional 5 words. Three weeks for the price of two.

WANTED—News from each point in the district—community, church or school.

Fire! Fire! Did you know that fire attacks a dwelling every 4 minutes? Is your home protected by a dependable policy? See Omer Larsen.

If you have something you don't need, a Resource "Want Ad." will sell it for you

WAGIN' TUNG

Vol. 1, No. 12 Arrowwood, Nov. 5, 1931 Items for Thot

Our Biggest Need

At the entertainment given by the Y.P.U.C. at the school house last Friday evening it must have been plainly evident that what Arrowwood needs mostly is an auditorium or hall. All those taking part rendered their parts splendidly but were hampered by inadequate space, and a large portion of the audience either had to stand or hang on the walls. An auditorium is one thing we should all be united on and work for.

Two weeks ago we told you that when you buy a washing machine you get features in the New Maytag washer that you do not get in any other machine. The New Quiet Lifetime, Oil-packed Drive is as firmly built as an automobile transmission. It is oil packed, enclosed and sealed at the factory. Needs no oiling, no adjustments. Such remarkable quietness and smoothness of operation, such precision of parts, have never before been known in a washer drive.

Remember to always use genuine Maytag oil in your Multi Motors for complete satisfaction. It is cheaper to buy it by the gallon. Bring your container and let us fill it at a reduced price.

First Darkey: "Wha' fo

yo' name yo' baby 'Electricity', Moses?"

Second Darkey: "Well, 'Mah name am Mose and mah wife's name am Dinah, and if Dinamose don't make electricity, what does dey make?"—Shocking, isn't it?

—And things will be considerably more shocking if you don't replace that worn out tire before it fails you along the road at some critical moment. Remember we are headquarters for today's leading and most popular tire

—Firestone

Another sign of the present conditions: The original "Soldier Seal" for your leaky radiators and cracked engine blocks is now being sold at a 25% reduction. Buy a can and stop the annoyance of continually filling that leaky cooling system on your cars.
